

OPERATION: 2010 BRUSH CONTROL

Brush control will be conducted in your township between August 9 and October 1.

The KCRC annual summer spot spraying of roadside brush, will be conducted between early August and the first of October. The program is designed to contain roadside brush and overhanging tree branches that could obstruct motorists' vision, create drainage obstacles or cause snow and icing problems if left unchecked. A brochure on the Brush Control program is available at KCRC our office, KCRC website and your township office.

The operation is not a continuous broadcast, only those roadside areas where existing brush and limbs are creating safety hazards are sprayed. The KCRC applies Krenite S, a chemical approved by both the Michigan Department of Agriculture and the U.S. Environmental Protection Agency. All applications will be made by certified applicators. If you live in a platted area, your property will not be involved, but we want to share why and how the program is completed. **Unplatted and primary roads in Charleston, Comstock, Richland, Ross, and Kalamazoo townships are scheduled for treatment this year.**

If you would rather clear your own roadsides you may do so. Property will not be sprayed if owners have cleared the brush and limbs before the spraying program begins and have filed a "No Spray Application". If you want your property to be excluded from the spraying program this year, please fill out a "No Spray Application" and return it to KCRC by August 4, 2010. Applications are available at the KCRC office, KCRC website and your township office. If the vegetation has not been pruned or removed, as required by the application, we will spot spray all necessary vegetation regardless of the signs. Your work to prune or remove vegetation must be completed by August 8, 2010. Brush spray exception signs will be delivered to your home a few days before the crews are scheduled to be in your area.

For more information on OPERATION: 2010 BRUSH CONTROL, call Jeff Daughtry, Area Superintendent at KCRC 269-381-3170, ext. 247.
