*Expenses will include outside consultants, KCRC time and labor above and beyond customary for inspection including follow-up for sites lacking permits. A list of hourly charges for personnel and equipment normally used by the KCRC will be furnished upon request. Such charges are subject to change without prior notice and reflect necessary and actual costs for services.

**A permit will be available for individual vehicles during spring weight restrictions which will allow normal axle loading only. These will be available only to vehicles used to provide an essential community service. Definition of an essential community service will be made on a narrowly defined case-by-case basis by this road commission (e.g., well-drilling and septic systems, etc.).

***Transportation Permit Specifications: refer to KCRC Policy allowable under MCL 257.722

Revised: March 27, 2001

Revised: December 9, 2010

Adopted: December 9, 2010
