

POLICY

LOCAL ROAD CULVERT REPLACEMENT

It is the policy of the Board of County Road Commissioners of the County of Kalamazoo to provide for, and to require township participation, in the local costs associated with the replacement or construction of culverts >42" on the local road system. Local costs are defined as those charges associated with the replacement or construction of a bridge on the local road system that is not eligible for reimbursement from other sources. Those costs could include, but are not limited to engineering, permits, land acquisition, mitigation work, legal fees, as well as the construction work itself.

The Board will pay up to seventy percent (70%) of the local cost, outside of the local road participation fund program; to the extent the Board has funds that can be made available for this purpose. The Board will work to secure other funding sources whether from other local, and/or state, and/or federal in nature, to assist in helping financially support the culvert replacement or construction effort.
